

# Repair Refrigeration For Less Than Replacement

Last Updated Sunday, 19 August 2007

## Refrigeration Replacement Is Not Always Necessary

When faced with a costly replacement of your refrigeration system, walk in cooler, reach in cooler, cold storage warehouse, or other refrigeration system, options are available to you. For 50% to 75% less than the cost of replacement, and in a fraction of the time, you can enjoy a completely rebuilt and like-new refrigeration system. 100% up to health department code and more efficient than ever before.

All of this for less than a costly replacement refrigeration system. You simply can't go wrong with Seal Tech Refrigeration. If you are considering replacement, be sure to call us before you spend more and wait longer...we'll educate you in the differences between replacement and repair, so you can make a well informed decision that best suits your individual needs.
